Retap Sleeves

A strong and elegant sleeve with a good grip

To protect the Retap Bottle, we have developed an elegant sleeve made from strong and durable cotton. The Retap Sleeve follows the curves of the bottle smoothly. It is soft, pleasant to hold and gives a good grip. The attached strap makes the bottle easy to carry with a finger or two.

The beautiful and functional sleeve is available in seven different colours for all three bottle sizes. The two last added colours, Red and Dark Blue are made from organic cotton.

- Designed in Denmark. Made in Europe
- Materials: 80% cotton, 17% polyamide and 3% elastane
- Washable up to 40C°
- Available in seven colours: Black, Grey, Forest Green, Magenta, Light Blue, Dark Blue and Red
- The sleeves are available for all three bottle sizes (03 L, 05 L and 08 L)

The colours of the products shown in this sheet may vary slightly from actual product colour.
